**Investment Objective and Strategy**

The Fund is a bond fund that seeks to preserve capital and generate income by investing in fixed income securities with maximum remaining term to maturity of up to five (5) years. The Fund's benchmark is 50% Bloomberg Philippine Sovereign Bond Index 1 to 3 Year Index + 50% 91-day T-Bill Rate.

**Client Suitability**

A client profiling process should be performed prior to participating in the Fund to guide prospective investor if the Fund is suited to his/her investment objectives and risk tolerance. Clients are advised to read the Declaration of Trust/Plan Rules of the Fund, which may be obtained from the Trustee, before deciding to invest.

The Manulife Stable Income Fund is suitable for investors who are at least classified as moderate based on their risk profile. To minimize risk and maximize returns, investors are recommended to stay invested in the Fund for at least three (3) years.

Participation in the Fund will be limited to Philippine residents. The Fund may invest in the Bangko Sentral Securities Facilities (BSP-SF). According to the Manual of Regulations for Non-Bank Financial Institutions, UITFs are allowed to invest in select BSP-SF instruments provided that the participants or investors are Philippine residents only.

**Key Risks and Risk Management**

*You should not invest in this Fund if you do not understand or are not comfortable with the accompanying risks. For a more comprehensive list of risks, please refer to the Risk Disclosure Statement.*

**Price Risk:** The possibility for an investor to experience losses due to changes in market prices of securities.

**Liquidity Risk:** The possibility for an investor to experience losses due to inability to sell or convert assets into cash immediately or in instances where conversion to cash is possible but at a loss.

**Credit Risk:** The possibility for an investor to experience losses due to a borrower's failure to pay principal and/or interest in a timely manner.

**Reinvestment Risk:** The possibility of having lower returns or earnings when maturing funds or the interest earnings of funds are reinvested.

**Interest Rate Risk:** The possibility for an investor to experience losses due to changes in interest rates.

In accordance with the provisions in the Declaration of Trust, the Fund employs a risk management policy based on duration. The Fund may also use financial derivatives to hedge the risk exposure.

#### Outlook and Strategy

Expectations of further rate cuts from the BSP and a benign inflation outlook will continue to be the main drivers for the local bond market. However, recent market developments support a further steepening of the yield curve, with the belly likely being the sweet spot for investors. Risks to the bond market continue to stem from external headlines such as U.S. President Trump's trade policies and geopolitical tensions.

#### Investment Policy / Prospective Investment

Pursuant to the fund's objectives, the Trustee, with full discretionary powers, may invest and reinvest the assets of the Fund in: (1) securities issued by the Republic of the Philippines and government-owned or controlled entities including the Bangko Sentral ng Pilipinas (BSP); (2) securities issued by financially sound companies; (3) other liquid fixed income instruments including term deposits; (4) other investment allowed under the regulations issued by the BSP. The target modified duration of the Fund is 1.25 years with a maximum modified duration of 2 years.

#### Related Party Transactions

The Fund currently has no investment with the Trustee's related parties. Subject to the approval of the Manulife Investment Management and Trust Corporation (Manulife IM (Philippines)) Board of Directors, all related party transactions will be conducted on an arm's length and best execution basis and within the approved limits.
